Bio-Emulation™ Colloquium 360°

4-5 July 2015, Berlin, Germany

COLLOQUIUM AGENDA

Lectures

SATURDAY 4th July

- 8.30 am **Registration**
9.15 am
- 9.15 am **Welcome Message**
9.30 am
- 9.30 am Alessandro Devigus
10.15 am **Science and Art - The same but only different**
- 10.15 am Edward McLaren
11.00 am **Creating color - the integration of color (value, chroma, and hue) and translucency in dental ceramics**
- 11.00 am **Coffee Break**
11.30 am
- 11.30 am Gianfranco Politano
12.15 pm **Direct adhesive restorations - back to the basic rules**
- 12.15 pm Leandro Pereira
1.00 pm **The Penta-Laminar technique expanded - Layering, contouring and polishing**
- 1.00 pm **Lunch**
2.00 pm
- 2.00 pm Antonio Saliz-Pardo
2.45 pm **Key factors of immediate implant placement**
- 2.45 pm August Bruguera
3.30 pm **Essential steps in esthetic dentistry**
- 3.30 pm **Coffee Break**
4.00 pm
- 4.00 pm Akinobu Ogata
4.45 pm **Archiving expected results with implant restoration**
- 4.45 pm Michel Magne
5.30 pm **Choosing between full buccal ceramic coverage versus partial coverage ceramic veneer restorations**

SUNDAY 5th July

- 9.30 am Andrea Fabianelli
10.15 am **A world with no post no crown - Is it feasible?**
- 10.15 am David Gerdolle
11.00 am **Bonded indirect posterior restorations, simple questions, clinical answers**
- 11.00 am **Coffee Break**
11.30 am
- 11.30 am Pascal Magne
12.15 pm **Immediate dentin sealing - 20+ reasons to do it**
- 12.15 pm Panos Bazos
1.00 pm **The spectrum and applications of reflective cross-polarized imaging**
- 1.00 pm **Lunch**
2.00 pm
- 2.00 pm Giancarlo Pongione
2.45 pm **Minimally invasive approach to the restoration of the anterior teeth**
- 2.45 pm Walter Gebhard
3.30 pm **The dental technician, acting in between evidence based dentistry, patient's perception and digital innovation chaos**
- 3.30 pm **Coffee Break**
4.00 pm
- 4.00 pm Jungo Endo
4.45 pm **Nature in balance - key to success for implant restoration with gingival ceramics**
- 4.45 pm Thomas Sing
5.30 pm **Integrating esthetic dentistry and prosthodontics**
- 5.30 pm **Closing Message**
5.45 pm

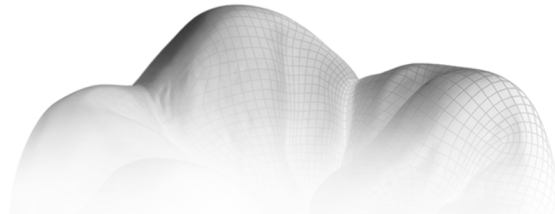

Workshops

SATURDAY 4th July

9.30 am	Akinobu Ogata	9.30 am	Sascha Hein
11.00 am	Restoring single anterior tooth and tissue	11.00 am	New options for veneering lithium disilicate – Is it possible to stabilize the value of such restorations? Causes and remedies
11.00 am	Coffee Break	11.00 am	Coffee Break
11.30 am		11.30 am	
11.30 am	Thomas Sing	11.30 am	Michel Magne
1.00 pm	Achieving anterior esthetics in zirconia	1.00 pm	Masking technique – The parallel stratification
1.00 pm	Lunch	1.00 pm	Lunch
2.00 pm		2.00 pm	
2.00 pm	Gianfranco Politano	2.00 pm	Fernando Rey
3.30 pm	The Bio-Emulation approach for direct posterior restorations	3.30 pm	Advanced dental photo protocols
3.30 pm	Coffee Break	3.30 pm	Coffee Break
4.00 pm		4.00 pm	
4.00 pm	Leandro Pereira	4.00 pm	Javier Tapia
5.30 pm	The Penta-Laminar technique live – Step by step, from layering to polishing	5.30 pm	Digital color analysis and advanced photo processing

SUNDAY 5th July

9.30 am	August Bruguera	9.30 am	Walter Gebhard
11.00 am	Essential steps in esthetic dentistry	11.00 am	Imitating the multi-dimensional depth of a natural tooth
11.00 am	Coffee Break	11.00 am	Coffee Break
11.30 am		11.30 am	
11.30 am	Oliver Brix	11.30 am	Jungo Endo
1.00 pm	Mastering colour and value issues with e.max	1.00 pm	Oral stratified build-up technique – How to achieve life like gingival ceramics
1.00 pm	Lunch	1.00 pm	Lunch
2.00 pm		2.00 pm	
2.00 pm	Stephane Browet	2.00 pm	Pascal Magne
3.30 pm	Isolation 360 – beyond the obvious	3.30 pm	DMFE – Dental morphology function and esthetics
3.30 pm	Coffee Break	3.30 pm	Coffee Break
4.00 pm		4.00 pm	
4.00 pm	David Gerdolle	4.00 pm	Panos Bazos
5.30 pm	Bonded indirect posterior restorations: Prep and Cementation step-by-step procedure	5.30 pm	The spectrum and applications of reflective cross-polarized imaging

Party

Get-together: 04 July 2015 – Start 20:00 / **Dinner Party:** 05 July 2015 – Start 19:00
